for hotel functions.

Site Area: 11,534m²

Gross Floor Area: 95,000m²

Opened: September 2018

Jewel, stylish and luxurious three tower, multi story development located on Old Burleigh Road, is the latest to join a cast of signature global landmarks in Surfers Paradise.

Architects, DBI were inspired by crystalline volcanic hook (geometric) forms for the underlying structure. The building employs a host of sophisticated façade technologies, including shading from the sun and shelter from the wind in response to the subtropical climate.

This 5-star, green rated complex provides a host of facilities including concierge, hotel, spa, gym, bars, fine dining, retail, resort living and endless ocean views.

Mirotone's MIROSTAIN 2616 Stain and MIROTHANE PU 5577 Sunshield Topcoat in a matt finish were used extensively in the bathrooms and Kitchens, while MIROTEC WB 8060 Clear Topcoat (matt) was used to coat the entry doors.
